## [1] [Setting & Infrastructure]

### [1.7] Total campus buildings area

**SAMPLE**

Building A	Building B
	
Presidency Campus: 18,500 m <sup>2</sup>	Area: 3,000 m <sup>2</sup>
	
College of Engineering- 19,000 m <sup>2</sup>	College of Education for Humanities – 17,000 m <sup>2</sup>

## Description: Total Campus Buildings Area – University of Samarra

The University of Samarra is one of the public higher education institutions in Iraq, located in the historic city of Samarra. The university includes a group of academic colleges and administrative facilities distributed across several campus sites within Samarra city. The university infrastructure supports approximately 10,000 students, academic staff, researchers, and administrative employees.

The university campus environment combines educational, administrative, research, and student-service facilities. The campuses include lecture halls, scientific laboratories, libraries, conference halls, administrative departments, ICT infrastructure, student service centers, parking spaces, internal roads, and landscaped green areas.

The Presidency Campus serves as the main administrative headquarters of the university and contains the central management offices, quality assurance departments, registration units, sustainability activities offices, conference halls, and digital learning infrastructure.

The university also includes several specialized colleges that support scientific, engineering, agricultural, administrative, and humanities education. Each college contains classrooms, laboratories, staff offices, student halls, and supporting facilities designed according to academic requirements.

The total estimated campus buildings area of the University of Samarra is approximately **111,000 m<sup>2</sup>**, distributed among the Presidency Campus and the various colleges of the university.

---

### Detailed Table of Campus Buildings Areas

No.	Campus / College	Main Facilities Included	Estimated Building Area (m <sup>2</sup> )
1	Presidency Campus	University presidency offices, administration departments, conference halls, registration offices, ICT center, student affairs offices, parking areas	18,5,000 m <sup>2</sup>
2	College of Education for Humanities	Lecture halls, classrooms, language laboratories, faculty offices, library, student service units	17,000 m <sup>2</sup>
3	College of Education for Pure Sciences	Scientific laboratories, chemistry and biology labs, classrooms, research halls, faculty rooms	16,5,000 m <sup>2</sup>
4	College of Engineering	Engineering laboratories, workshops, smart classrooms, CAD laboratories, conference rooms	19,000 m <sup>2</sup>
5	College of Applied Sciences	Applied science laboratories, educational halls, computing units, student laboratories	12,000 m <sup>2</sup>
6	College of Agriculture	Agricultural laboratories, greenhouse support facilities, classrooms, irrigation demonstration areas	11,000 m <sup>2</sup>
7	College of Administration and	Lecture rooms, accounting laboratories, computer units, seminar halls, faculty offices	9,000 m <sup>2</sup>

	Economics		
8	College of Arts	Educational halls, cultural activity rooms, library spaces, student activity units	5,000 m <sup>2</sup>
9	College of Islamic Sciences	Lecture halls, religious studies classrooms, library rooms, faculty offices	3,000 m <sup>2</sup>
	<b>Total Campus Buildings Area</b>		111,000 m <sup>2</sup>

## Additional Campus Infrastructure Information

### Academic Infrastructure

The university campuses contain:

- Smart classrooms and lecture halls
- Scientific and engineering laboratories
- Computer and ICT laboratories
- Libraries and reading halls
- Research and innovation spaces
- Seminar and conference rooms

### Administrative Infrastructure

The Presidency Campus includes:

- Administrative offices
- Registration and admission departments
- Human resources units
- Quality assurance and accreditation offices
- Sustainability and environmental activity offices

### Student Service Facilities

The university provides:

- Student affairs departments
- Internet and ICT services
- Student activity halls
- Parking areas
- Internal transportation access
- Green open spaces and gardens
